

PRO Certification Process

Purchase the certification from your PSiO Store under the “Training” section.

Once purchased, the “Certification” section appears in the left-hand pane. There you will find the multiple-choice quizzes, which you must pass with a score of at least 75%.

Upon passing the certification by successfully completing the multiple-choice quizzes, the result will be displayed, and the certified individual will have access to their certificate (at the bottom of the quiz page) and the logo to display on their website or social media (located in the left-hand frame under “Documents & Logos”)

To schedule an interview with A. Labbé : call him at +1 (858) 222-9688 or send him an email at alexis@psiotech.com to propose a meeting time.

Certified professionals can share the procedure at www.psioclinic.com under “Certification.”
